

# March Judging

We had a record of 51 orchids that were brought in and judged. The judging team barely had enough time to get something to eat and participate in the raffle before the end of the meeting. In order for the widely popular judging program to continue to offer our members quality ribbon judging, we need more judges to help out. The benefits are that you get to learn what's important and what we look for when we judge different types of orchids. **Erna Maxwell** is an accreted **AOS Judge** and an excellent teacher. **Bill Capps** is an excellent judge and is willing to help new judges learn about awarding orchids. This is a **Golden Opportunity** for you to help out our society. We start judging at 7:30 in order to finish for the regular meeting.

We had **2 Culture awards** this month. **Judy Congdon** received a CULTURE for her large Cattleya skinneri. **Lynn Corson** received a CULTURE for a beautiful, well presented Paphiopedilum Bernice. Thank you, **Judy** and **Lynn** for sharing these orchids with us.
