

August 2025 Judging

The Cattleya alliance took center stage this month, outnumbering all the other genera hands down. There were some very beautiful orchids to enjoy and one spectacular specimen brought in by Judy Congdon, Bromecanthe [Brm.] Jamaica Fire. It was spectacularly grown with flowers evenly spread around the plant. The Vandaceous were second in number, many were blue ribbon beauties, again, very well grown.

Remember to groom your plants for exhibition by removing any dead or damaged leaves and checking for pests and diseases. Prep your plant to be sure it gives that great first impression. A well-presented plant will draw people to it. Also, exhibitors whose last names begin with a letter other than "C" are eligible to submit plants for judging.

Judging Results

Vandaceous Group: 5 Entries

1 st	Vanda Nopporn White Diamond	Judy Congdon
1 st	Vanda Pintuwadee 'Miss Coco Chanel'	Lynn Corson
1 st	Vandachostylis Ploenpit Blue 'Royal Sapphire'	Judy Congdon
